Subject: Partial Transfer of Mining Permits, Dove Creek Quarries LLC, Dove Creek Quarry, M0030016, Box Elder County, Utah

Dear Mr. Bown:

The Division is in receipt of your letter to Daniel Cates, Dove Creek Quarries, LLC., regarding your apparent cancellation of the mineral lease on a portion of the current Dove Creek Quarry (permit # M0030016).

Please be advised that the Division does not process partial transfers, *per se*, as alluded to in your letter. With two operators/permittees, there will need to be two permits. You (or a new mineral lessee) will need to submit a new Notice of Intention to Commence Large Mining Operations, a new reclamation surety, and a reclamation contract. Once the Division reviews and approves your new Notice along with the surety and reclamation contract, we will release Dove Creek Quarries, LLC from their reclamation responsibility for the area and make appropriate adjustment to their reclamation surety. You, or a new lessee will not be allowed to begin any operations until your new Notice is approved, unless Dove Creek Quarries, LLC will allow you to operate under their permit until your new Notice is approved.

Please contact the Division to obtain the appropriate forms for this project. If you have any questions regarding this letter, please call me at 801-538-5261 or Lynn Kunzler at (801) 538-5310

Sincerely,

Paul B. Baker
Minerals Program Manager
